I'm going to call IDEM and MDEQ and invite them to the 7/21 meeting. I think these invites are appropriate, (certainly for IDEM since they are joined with us on the global case).
Do you agree?

Yes, I got the second email. I have one more person to hear back from. So far it looks like either 7/20 or 7/21 will work, (the Aug dates won't)
I'll let you know soon,

Brian,

There are no issues with your intern participating in the meeting. Also, did you get my second e-mail proposing new dates for August? We had an internal misunderstanding on availability. The dates we would like to propose for August are August 23 or August 24.

Thanks,
Mike

Mike:

Thanks. I hope to reply to you soon with dates.
On another issue, we expect to have an engineering intern participate in this upcoming meeting. This is fairly common practice and he'll just be observing, but we like to give the company fair warning. Please let me know if you object to our intern's participation.
